HAMILTON WEST GIRLS SOCCER PREVIEW

Head coach: Anthony Tessein (4th season)

Assistants: Lisa Gmitter, Jamie Slater, Matt Mayo, Greg Paulick

Last year: 4-10-4

Tessein says: By now everybody knows Loran Wyrrough, she's one of the most tenacious players in the CVC. She's someone to watch out for. I'm hoping now that she's a junior she's a little more consistent with her scoring, but she always brings that motor, she's always out-hustling everybody.

We have a revamped defense. Stephanie Sparano will be our stopper and our sweeper will be Danielle Schneck, who played forward last year. So we have a speedier group in the back. Allyson McCormack is back this year after a serious head injury and she'll bring some leadership. I'm hoping a revamped defense with the extra year of experience will bring that "We'll see" attitude that we have to "We're gonna win."

We looked at last season and things really turned around after we played Steinert. It was a heart-breaking game, we were winning and collapsed in the end. That's when our youth started to show. The extra year's experience, knowing what's going on, that will resolve itself.
